Comments:

All values are per 12 fl. oz serving size.

* The reported total sugars value is the sum of all naturally occurring and added sugars. Quantifying added sugars must be separately performed using food formulas, production records, and ingredient specifications.

**This total dietary fiber measurement may include polysaccharides not currently recognized as dietary fiber by FDA. Clients must review their formulas and ingredients to determine fibers not currently recognized as fiber. Clients may need to consult with their fiber manufacturers to determine the regulatory status of their fiber.
